REPUBLICAN FILINGS VALID

So Says Attorney-general in a Formal Opinion to Mott-Smith

"It is not fatal to his nomination if the candidate fails at the time of filing his nomination papers to state his party affiliation and he may do so subsequently and by separate letter of later date than the date of placing his nomination papers in your office." — Attorney-general Lind. — says opinion on Maui Republican nominations.

Assuming that the failure of the republican nominees from Maui to write their party affiliation on the nomination papers sent to the Territorial Secretary for filing, does not invalidate the nominations of those men, Attorney General Lindsay this morning gave his written opinion of the protest of the democratic party's representatives, which was submitted to him yesterday by Secretary E. A. Mott-Smith.

In each instance in which a candidate failed to specify his party affiliation, the nomination paper was held up by Secretary Mott-Smith, and not filed until later word, supplying the necessary information was received. In substance the Attorney General's opinion holds that the law does not specify the manner in which this statement of party affiliation shall be made; therefore, inasmuch as the statement is made, in some manner before the nomination papers are placed formally on file, the nominations are valid.

The Republicans are not alone in this failure to express party affiliation on their nomination papers. The Secretary explained this morning that five democrats were guilty of the same omission. In four instances, after they had been notified by him, the candidates sent in their notification of party affiliation by separate letter, and in one instance by an entirely new set of nomination papers. Two home rule candidates also omitted the important statement and supplied the omission later.

The one difference between the Republicans and democrats in this respect is that the former, in six instances, sent in the additional information by wireless.

The Democratic Central Committee will hold a meeting tonight to discuss the carrying of the matter into the courts.

ORGANIZATION OF MANEUVERS IS ANNOUNCED

Observers and Umpires Assigned to Opposing Armies and Stations

FIELD HEADQUARTERS AT SCHOFIELD BARRACKS

General Macomb and Staff Will Take Move to Leilehua Saturday

To get the mobile army of Oahu, approximating 3,000 men, into the field for the coming inspection maneuvers requires just as much detail and preparation as to put an army three times that size into action. There is the same amount of paper work at headquarters, the same perplexing details to be worked out, and the same number of last-minute oversights to be rectified. A whole division could be turned out with no more trouble than is being taken with one brigade.

While the maneuvers proper do not commence until next Monday, General Macomb, his adjutant general, and the other officers to be attached to what is to be known as the central station, which is to be located at the site of the new post, Schofield Barracks, will take up their field quarters there on Saturday. There will be any amount of work which is to come up at the last minute, which can be better handled on the ground than from department headquarters in Honolulu.

General Macomb, who will be director of maneuvers and chief umpire, will have a considerable staff attached to his headquarters, the assignment of officers being announced this morning as follows:

Central Station — Brigadier General Macomb; Major George H. McManus, division inspector; Lieut. Col. Archibald Campbell, adjutant general; Major B. Frank Cheatham, chief quar-

Giants Slash Out Easy Victory; Tomorrow Tells Championship

"JEFF" TESREAU

McGraw's great youngster, who stood the test today.

Joe Wood Is Hammered Out of Box by New York's Big Hitters

BOSTON, Mass., Oct. 15.—Under the terrific strain of five games closer than any previous world's baseball series, both the New Yorks and the Boston Red Sox slumped today in the field, but the fierce hitting of the Giants made the resulting sixth game of the big series one of the most sensational on record.

It was this fierce hitting, a continuation of the bombardment of yesterday, that drove "Smoky Joe" Wood from the box, beaten in his attempt to win three times over the metropolitan. Wood plainly showed the effects of the great efforts he put forth in the first two games, when he held New York at his mercy. Today he was ineffective, his curve ball having "stuffed" on it, and his old-time speed had been lost. He was evidently tired.

On the other hand, "Jeff" Tesreau, McGraw's husky youngster, had a world of speed. Even at that he could not entirely check Boston's sluggers.

The game early developed into a duel of bashes, in which the Giants led, getting a start that made them safe, so that the frequent bingles secured off Tesreau were not alarming.

Charlie Hall was finally sent into the box to succeed Wood, but he could not stop the slaughter. The

"CHIEF" MEYERS
Indian catcher, who figured in the Giant victory.

"SMOKY JOE" WOOD
Of Boston, who couldn't win his third game from the Giants.

Giants hit everything that came near the plate, getting sixteen safeties, including several clean-up drives.

Both teams were off in their fielding. New York had four errors and Boston five.

The games now stand three for each team, and according to the turn of a coin flipped in New York yesterday by the captains, the deciding game is to be played in Boston tomorrow.

Score: R. H. E.
New York 11 16 4
Boston 4 9 5
Batteries—New York, Tesreau and Meyers; Wilson; Wood, Hall and Cady.

SUPERVISORS CAUCUS ON PLANS TO SPEND SURPLUS OF \$16,000

Having an estimated surplus of \$16,000 over outstanding appropriations, the supervisors last night held a caucus of committees to consider how the money should be expended. No definite schedule of improvements, however, was adopted. Results were largely negative, being decisions where not to spend money.

One proposition turned down was that of macadamizing the Wahiawa road, which, being estimated would cost from \$10,000 to \$12,000, was determined to be out of the question. There was discussion over the right of way for the Pearl Harbor Traction Co.'s line, at a point where S. M. Damon's interests are involved. It was promised that Engineer Whitehouse would have the required data on the matter ready for presentation today.

It was voted to devote \$1000 to finish the Ewa and Waianae roads. The sum of \$300 was granted to Third avenue, Kaimuki, the residents on that thoroughfare contributed \$135 additional out of their own pockets.

Action was deferred on the proposal to lay bitulithic pavement on the strip connecting Queen street with Hackfeld wharf, which was mentioned in this paper some days ago.

Burial of the indigent dead was another problem discussed, it having

come to a somewhat serious pass. H. H. Williams, contractor for this service, has been burying the indigent dead in a cemetery plot owned by himself, but this is now filled. The board of health has closed the Pearl City cemetery, so there is no opening in that quarter. It was decided to ask the superintendent of public works to grant space for a "potter's field" in the Makiki cemetery.

Mr. McClellan's report on the burial of indigent dead was that temporary arrangements had been made, which would continue three or four months, to have interments made in Pearl City cemetery.

Word has been received here of the death on October 2 of Dr. George W. Raymond, of San Francisco, due to pleurisy pneumonia. Dr. Raymond is well known in Honolulu, having practiced here for seven years previous to his removal to San Francisco.

Registration of voters at 1 p. m. today was 7753, with a long waiting line. Yesterday was the banner day of registration, 239 voters being enrolled. Clerk Kalaauokalani will keep the book open until 12 this midnight.

SCHRENK, WOULD-BE ASSASSIN, ARRAIGNED AND PLEADS GUILTY OF ATTEMPT TO MURDER COLONEL

GOVERNOR'S COMMENT ON ROOSEVELT SHOOTING

Governor Frear, discussing the attempted assassination of Roosevelt, this morning commented: "Men in public life and in the public eye such as Roosevelt must naturally expect that at any time they may be made the victims of assaults from fanatics. It is regrettable, but it is and always has been true that the lives of prominent men always are in more danger than those of the ordinary individuals."

"I suppose that this unfortunate affair will have a tendency to swing some votes to Roosevelt, that he might not otherwise have received—just how many, not even the election next month may disclose. It will undoubtedly have a tendency to influence votes in his favor, however."

Mrs. Roosevelt And Wounded Man's Children Hurry To Bed-side--Telegrams Of Sympathy And Condolence Pour In From All Over The World--Absolute Quiet Ordered

[Special Star-Bulletin Cable]

CHICAGO, Ill., Oct. 15.—The X-ray tests made on Colonel Roosevelt today show that he had a miraculous escape from death. The passage of the bullet has been clearly defined as following a course in the body just above the liver, and less than an inch below the lower ribs of the lungs. If the bullet had penetrated either the liver or lungs it would have probably proved fatal.

The colonel slept soundly for an hour during the afternoon, and later had a substantial lunch of bread and milk. He appears quite cheerful over the situation and is continually chatting with his nurses. No symptoms of a relapse are manifest.

[Associated Press Cable]

CHICAGO, Ill., Oct. 15.—Col. Roosevelt's physicians this afternoon issued a bulletin stating: "It pains Mr. Roosevelt to breathe. This is not a mere flesh wound, but a serious wound in the chest. Absolute quiet is essential."

Telegrams of sympathy are pouring in from all over the world, from the heads of governments and from hundreds of private citizens. One man is kept busy receiving and filing these messages and answering the more important.

X-RAY EXAMINATION SHOWS DOCTORS WOUND SERIOUS

[Associated Press Cable]

CHICAGO, Ill., Oct. 15.—Col. Roosevelt arrived in this city late last night from Milwaukee, and was attended by a corps of physicians. This morning a thorough examination by X-ray was made of the wound, after which the physicians gave out an official statement. In this statement for the first time the seriousness of the wound is revealed. The physicians say that the hurt is deep. The bullet cut the chest wall without striking any vital organ, entering an inch below the right nipple, and ranged upward four inches, imbedding itself deeply. No evidence is found that it penetrated the lung. The wound has not been probed and the necessity for an operation is not indicated. Col. Roosevelt's condition is hopeful, but absolute rest is demanded. His pulse is 90, temperature 99.2 and respiration 20.

As the colonel descended from his automobile late last night and walked toward the hospital where he was to be cared for and the examination made, a photographer exploded a flashlight just in front of him, endeavoring to get a picture. "Gosh! Shot again!" exclaimed the colonel.

Mr. Roosevelt's secretaries this morning announced that he will abandon his scheduled campaign speeches and the probabilities are that he will return to Oyster Bay for a rest as soon as it is definitely known that no complications from the bullet wound will set in.
